

# Investors Title

INNOVATIVE BY INSTINCT

Investors Title will be making some behind-the-scenes changes to the website the evening of April 17, 2015. This change may require resetting the "Remember My Selections" checkbox on the resource page and the "Save My Password" settings for logging into any secure section of the site. It may also require resetting the "compatibility mode" to disabled on Internet Explorer. For more information on adjusting these settings, click [here](#).

## Resources

Home > Resources

Value Incentive Partnership

[VIEW VIP LISTINGS](#)

Agent/Branch Login

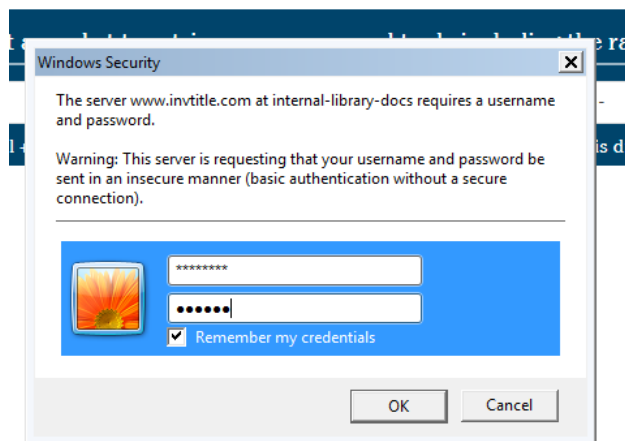

[VIEW INTERNAL LIBRARY](#)

Select a market to retrieve resources and tools including the rate calculator and application links:

>  >  >

☒ Remember My Selections

Control + F (Windows) or CMD + F (Mac) to search for keywords once a list is displayed.

**General Troubleshooting Tip:** to save resources, web browsers often retrieve a saved version of a webpage in lieu of the most current version. A good practice when experiencing undesired behavior with any webpage is to perform a "hard refresh" of the page to retrieve the most current version. A hard refresh is typically achieved by pressing the "Control" and "F5" keys together; however, instructions may differ by operating system and browser. Click [here](#) for a complete list of instructions by operating system and web browser.
